

The Sterling \$ MONEY MARKET FUND

Quarterly Investment Disclosure Statement – 30 June 2013

Net Asset Value, end of quarter : USD 22,311.98

Net Asset Value Per Unit : USD 1.05369

Short Description

The **Sterling \$ Money Market Fund** is a US Dollar denominated money market Unit Investment Trust Fund was launched last April 7, 2009, it is suited for professionals, corporations, high-salaried OFWs, and other individuals or corporations who are looking to invest over the short to medium-term. These are clients who intend to settle for return on investment that is higher than the regular traditional deposit products, and are aware that a higher return is accompanied by a higher level of risk. These clients are also willing to expose the funds to a certain level of risk thus can accept some near-term or temporary fluctuations in value of investments.

The investment objective of the Fund is to achieve for its participants a steady stream of income by investing in a diversified portfolio of US dollar-denominated short term government securities e.g. ROP, fixed-income deposits, money market securities, and other highly marketable fixed-income instruments up to maximum tenor of five years but at an average maturity duration of one year or less.

The Fund aims to achieve a rate of return based on the applicable One-Year LIBOR Rate plus 0.25% to 1% (gross of fees).

Market Update & Outlook

The Philippines economy continues to remain positive having reached a first quarter GDP report of 7.80% an improvement from the same period last year.

Despite the positive technical and fundamental numbers, the peso tumbled to this year's lowest at Php44.14 in mid-June brought about by the positive economic growth news in the US as reported by Federal Reserve Chairman Ben Bernanke and concerns over China's credit situation.

Investment Strategy

The Sterling \$ Money Market Fund will remain invested in short term high yielding instruments as we wait for better opportunities to invest in medium to long-term bonds. We shall maintain proactive stance in investing.
